- Managed database integration and dataflow.

Projects
- E-Restaurant / E-Commerce Web App
- UI Design of E-Restaurant / E-Commerce Web App

Tools and Technology
- React js
- PostgreSQL

- Node js
- Express js
- Bootstrap
- Redux
- Git and Github

Prodigy InfoTech   India
Web Developer Intern   Feb 2024 – Jun 2024
- Develop interactive web applications using React js, mainly focusing on JavaScript, enhancing user experience by 30%.
- Integration of APIs, reducing data retrieval time by 25%.
- Use of Hooks.
- Implemented responsive design practices, ensuring cross-platform compatibility.
- Optimized codebase, improving site performance and load time by 20%.
- Assisted in debugging and troubleshooting, resulting in a 15% decrease in reported issues.
- Utilized version control system (Git) to manage and track project changes efficiently.

Projects
- Stop Watch
- Tic Tac Toe Game
- Personal Portfolio
- Weather App

Tools and Technology
- React js
- Bootstrap
- Vercel
- Git and Github

Certifications/Courses

- DIT from Sistech
- MongoDB Course from MongoDB University
- MySQL Course from Coursera

Projects

LIBAAS
E-Commerce Web App
Tools and Technology
- React js
- Bootstrap
- Redux
- Figma
- Vercel
- Git and Github

RailFood

E-Restaurant Service / E-Commerce Web App for Train Passengers

Tools and Technology

- React js
- PostgreSQL
- Node js
- Express js
- Bootstrap
- Figma
- Notion
- Vercel
- Git and Github

Tumor-Track

Advanced Deep Learning for Automated Brain Tumor Detection, Segmentation, Classification, and Suggestion

Tools and Technology

- React js
- Gemini (LLM)
- Unet (Deep Learning)
- DCNN (Deep Learning)
- Node js
- Express js
- Flask
- PyTorch
- TensorFlow
- Figma
- Vercel
- Git and Github

Portfolio

Personal Portfolio

Tools and Technology

- React js
- Bootstrap
- Tailwind CSS
- Vercel
- Git and Github

Quick Bite Cafe

E-Café / E-Commerce Web App

Tools and Technology

- HTML
- Bootstrap
- Figma
- Notion
- Vercel
- Git and Github

Expertise

- MERN (MongoDB, Express js, React js, Node js) Stack
- MySQL
- Bootstrap5, AntDesign Frameworks
- UI Designing (Figma)
- Project Management (Notion)
- Git, Github
- Vercel
- Unit Testing for Web (JEST / RTL)
- Unit Testing for Java (JUnit)
- API Testing for Web (Postman)
- Pattern or Usage Testing for Web (Selenium)
- Redux
- NPM
- DOM Manipulation
- HTML5/CSS3
- Mobile App Development (Kotlin, SQLite DB)
- RESTful APIs
- Machine Learning
- PowerBI
- Tableau
- Networking (Cisco Packet Tracer)
- Formal Methodologies
- Software Quality Engineering
- Software Requirement Engineering
- Software Design and Architecture
- Data Structure and Algorithms
- JavaScript, Java, C++, Python

- Office Automation
